-Crosslake updates:

H Peterson met with Crosslake mayor. Mayo Roe encouraged us to join Pine River watershed. Tamarack Road does not belong to city but city does maintain it, would be very complicated to resolve issues. Walking path discussed. We would need to pay assessment for path

Beavers: Constant issues, more reasonable to get permit during season--so we will wait until Oct/Nov.

Items from floor:

-Questions about water clarity: not getting any worse, no invasive species yet

-GOLA website: Page with links to dnr and other sites

-Dangerous behavior and concerns at O'Brien sandbar: Please be respectful, clean up after yourselves, suggestion for cabin owners to better communicate to renters the rules of conduct on lake

-Help is available from DNR for water shore restoration and DNR will even fund if you follow their plans

Meeting adjourned: 11:45 pm
