

## GOLA Meeting – Memorial Weekend

May 26, 2018

Introductions of the board

Old Business

### 1. Goodrich Lake Monitoring

George Kohan volunteered to do the lake monitoring on Goodrich.

2. Bob Stock was appointed by the board to fill the open Goodrich board position until the next election.

### 3. Beaver

Paid down payment on a beaver, person never contacted us again

Goodrich – North west side lot where beaver has taken down a lot of trees

OB- At least four trees

### 4. Welcome Bag

Available to all members who paid their dues

New Business

### 1. Fall 2017 minutes to approve

Approved

### 2. Financial Report

Approved

### 3. GOLLA used to be incorporated

Requirement for non-profit, lapsed

No charge for renewing this status

Board recommends renewing the status, purchase a commercial liability at a small cost.

No tax implications

File with State of MN

501 C = Federal Filing – Will talk about this at the summer meeting.

Donations for services

Take a look at filing status (non-charitable, 501c)

Dues & Services = Not deductible

Approved to get corporate status and commercial liability insurance

### 4. Bouys

Over 40 years old

The red one completely gave out

The green one is almost done.

Motion on the floor to get new ones through the lake association

Approx. \$300 apiece – to be determined

Look into style for the shallow water

Replace the chain and concrete block

We can choose the signage for the bouys

Shallow Water

No Wake

George: Would like to take the old green one

Timeline: Approx. to get by 4th of July

## 5. Garage Sale

Volunteer: Lynette Bourcy

Email Lynette for details and suggestions

## 6. Meeting Locations for Summer 2018

Legion leased their space to another group for possibly hosting breakfast

New location at the Presbyterian Church in Crosslake

September meeting, church has a conflict so the meeting will be held at the DNR

Administrative Office in Crosslake (Pull into the campground, small building on left)

## New Business

### 1. Tamarack Road: Will it ever be extended to city road 36?

No one knows anything about this.

Pine Creek Road is a private road and is not maintained by the city

### 2. Speed on Bonnie Lakes Road

Police Chief said he would bring out a portable speed tracking sign.

Would it be a possibility to have a permanent speed tracking sign?

Mike R will look into the cost of this and get more details for Crosslake section of the road  
(Not Fairfield Township)

### 3. Fish in Goodrich

Gill Net from DNR on Goodrich

Had probably 7-8 nets out (approx. 300 feet apart)

DNR Did this

150 crappies from 11- 14.5”

150 Blue Gills 9-11.5”

Big Walleyes (one female and one male)

Did not get a report on any northerns

Bass can swim in and out of these nets, do not have good numbers on them

On DNR website, they eventually post the results

This is done every three years

Add northern pickling recipe into the next newsletter

#### 4 Invasive Species

If you see any, let a board member know – the sooner we see it, the better it would be for the lake.

#### 5. Cleaning Station – Individual lakes can have at the boat launch

Board looking into additional information to see what cost is like.

#### 6. Crosslake Cleaning Station

Available at no cost to anyone that would like to use it

#### 7. July Meeting:

Collect a petition to Fairfield Township for speed limit sign

Need a dead end sign/ no outlet sign needed on Bonnie Lakes Road

8. General Fund Question: Has there been any thought from the general fund – with it being so high, can we move some of it into the fish fund?

--Revisit in summer meeting

DNR needs to know by August for the October fishing dumping

DNR can help support how many fish should/could be supplied into the lake

General concern is the amount of money in the account.

9. Bear

Mother + 3 cubs

Getting into people's garbage & bird feeder
